Session summary

Measure	Result
Learners expected	
Present	
Remote	
Late	
Excused	
Absent	
Attendance rate	

Attendance rate. $(\text{Present} + \text{Remote}) \div (\text{Expected learners} - \text{Excused learners}) \times 100$.
Use the notes field for any correction, exceptional circumstance, or agreed adjustment.

Follow-up actions

Learner	Concern or action required	Responsible	Due	Done

Verification

The trainer confirms that this register reflects the attendance recorded for the session and that corrections are explained in the notes.

Role	Name	Signature / digital approval	Date
