

Invoice

Finance · billing for approved LEA Labs learning, training, technology, or support services

Invoice note. Issue this invoice only against an approved quotation, agreement, or Statement of Work. Confirm tax, withholding, payment, and record-retention requirements applicable to the transaction.

1 · Invoice details

Field	Information
Invoice number	
Invoice date	
Due date	
Quotation / SOW reference	
Client / organisation	
Billing address	
Currency	KES

2 · LEA Labs billing context

LEA Labs may invoice for project-based learning, facilitated training, corporate capability development, technology design or delivery, platform access, operational support, reporting, or agreed partnership services. The invoice should connect each charge to the approved scope so the client can see what the payment supports.
