Effective date	
Delivery period	

2 · Outcome and scope

Problem or opportunity addressed:

Primary outcome:

Target users / beneficiaries:

Success measure or evidence:

The work included in this SOW is limited to the activities and deliverables listed below. Any activity not listed as included is outside scope unless added through change control.

No.	Activity / deliverable	Output / acceptance	Owner
1			
2			
3			
4			

Out-of-scope items:

3 · Milestones and responsibilities

No.	Milestone	Start	Finish	Approval / evidence
1				
2				
3				
4				

LEA Labs responsibilities:

Client / partner responsibilities:

Dependencies and assumptions:

4 · Fees and payment schedule

Milestone / fee	Amount / rate	Invoice trigger	Payment notes

Commercial note. State whether amounts include taxes, travel, third-party costs, withholding, or other pass-through charges. Link this section to the payment terms in the governing Service Agreement.

5 · Change control and risk

A change request should describe the requested change, its reason, impact on scope, deliverables, schedule, resources, risks, and fees, and the approval required. No material change is effective until approved in writing by authorised representatives.

Change-control contact: Review turnaround:

Key risk or decision:

Owner / due date: Mitigation / status:

6 · Approval

The authorised representatives approve this SOW and confirm that it accurately describes the work to be delivered, responsibilities, dependencies, commercial basis, and acceptance approach.
